

Study on Social Perception of Hindi Dialects

Hello, thank you for participating in this study! We aim to understand how different dialects of Hindi are socially perceived. You will listen to short audio clips in different Hindi dialects and answer questions to help us analyze social perceptions. (audio credits: Saubhanik Chaudhuri)

Instructions:

1. Listen to each audio clip carefully.
2. Complete the questionnaire that follows each clip based on your impressions.
3. Be open in your responses; there are no right or wrong answers.
4. This is an anonymous study, and your responses will be used only for research purposes.

* Indicates required question

Demographics

1. Name/ Pseudonym

2. Age *

3. Gender *

Final Thoughts

The following questions are **optional**, but your feedback is appreciated. Please share your thoughts or experiences that might have influenced your perception of this dialect. Your responses are valuable for understanding the factors shaping language perception.

53. Has hearing these dialects in films, TV shows and other media influenced your perception of those dialects? If yes how?

54. Have you interacted with people who speak these dialects in real life (friends, family, colleagues, etc.)? How have these experiences affected your perception of people who use those dialects?

55. In your own words, what stands out to you most about these dialects compared to other Hindi dialects? Please explain any specific reasons behind your impression.
